Professional Summary

"BTech CSE student with a solid foundation in HTML, CSS, JavaScript, Java, and AI agent workflows in n8n. Experienced in building responsive web applications through academic projects and a virtual internship. Fast learner, problem solver, and collaborative team player, eager to grow and contribute as a software developer."

Technical Skills

Programming Languages: Java
Web Technologies: HTML5, CSS3, JavaScript,React.js
Tools & Platforms: Git, VS Code, n8n (AI Workflow Automation, AI Agents)

Education

Shri Ram Group of Institution – BTech in Computer Science & Engineering (08/2022 – Present) | CGPA: 8.05
Model School of Excellence – Class 12th (05/2019) | Percentage: 71.4%
Sarvottam Higher Secondary School – Class 10th (05/2017) | Percentage: 85.16%

Projects

CodeStruct – AI-Powered LeetCode Problem Solver (Ongoing)
- Built a web-based tool to visualize LeetCode problems with beginner, brute force, medium, and optimal solutions.
- Integrated AI (GPT) to explain solutions and provide step-by-step guidance.
- Implemented interactive solution trees and animations for better learning.

Portfolio Website
- Developed a responsive personal portfolio to display skills and projects.
- Optimized for both desktop and mobile devices.

Internship Experience

Web Development Intern – CodeVeda Technologies (Virtual) | 05/2025 – 06/2025
- Received project requirements and coding tasks via email and completed them independently.
- Developed functional and responsive web applications using HTML, CSS, and JavaScript.
- Submitted completed code after thorough testing.
- Enhanced self-learning ability and problem-solving skills by working without direct supervision.

Certifications

- Frontend Development Certificate – DevTown
- Data Structures and Algorithms (DSA) Certification – Apna College
- Artificial Intelligence Certi cation – Infosys Springboard

Achievements

- Solved 100+ coding problems on **LeetCode**, demonstrating problem-solving skill.
- Successfully completed a virtual internship at **CodeVeda** Technologies.
- Built multiple mini-projects using HTML, CSS, JavaScript to strengthen programming logic.

Additional Information

Interests: Watching Sci-fi Films & Future Tech
Soft Skills: Teamwork and Adaptability
